

PEORIA-MOHAWK BUSINESS PARK

TAP INTO TULSA'S SKILLED WORKFORCE

TULSA'S TRAINING PARTNERS CAN DEVELOP YOUR NO.1 ASSET

Peoria-Mohawk Business Park has partnered with three of the region's leading training and workforce development organizations. Together, we can provide your business with the skilled talent pipeline to meet your staffing needs. This is a unique competitive advantage — a relationship with established training partners known for connecting skilled workers to great companies.

TRAINING PARTNERS THAT BUILD FUTURES

Oklahoma State University Institute of Technology (OSUIT) and Tulsa Tech have conducted thousands of customized training classes. Their partnerships with leading companies allow them to deliver some of the most technologically advanced training in the world.

Tulsa Community WorkAdvance (TCW) is a nationally recognized workforce development program that works with Tulsa-area businesses to develop training and recruitment plans to gain access to skilled workers. While working with businesses, TCW simultaneously recruits local residents to prepare them with skills training, job placement, and career coaching.

INSTITUTE OF
TECHNOLOGY

Together, these organizations have created a partnership to meet industry needs from candidate engagement, pre-screening, development and placement with business park companies. The partnership services include connecting employers to workforce resources and supportive services throughout the region.

LOCAL TRAINING CUSTOMIZED FOR SUCCESS

Tulsa Tech and OSUIT campuses spread across the Tulsa metro area, ensuring training opportunities are near the business park and near where your workforce lives. These campuses address your entry-level, skilled, and incumbent worker training needs.

- Partners will act as a workforce intermediary to maximize community assets, workforce programs, and support services creating a comprehensive talent supply chain strategy that meets the needs of the Peoria-Mohawk Business Park businesses and organizations.
- Recruit, screen, develop, refer, and place candidates with business park companies.
- Fast-track industry-led training and development utilizing a stackable credential model that moves candidates and workers through education pathways related to business park company openings.
- Articulation agreements in place to ensure seamless transition from one training provider/institution without loss of credit hours.
- Prior Learning Assessments (PLA) integrated into training and education pathways when possible to move students/workers through educational pathways as quickly as possible.
- TCW will assist entry-level and middle-skill workers with career coaching, soft skills, and development for employee retention and growth.
- Incumbent worker training and development facilitated at all levels within an organization to address your staffing needs.
- Counsel with individual employees to come up with a comprehensive program that can lead to a degree plan.
- Through online course offerings, employees can continue engaging in professional development, soft skills, customer service, and safety.

NEXT STEPS

It's your turn to tap into the power of Tulsa's workforce talent. If you are interested in learning about the opportunity to develop a workforce pipeline customized to your needs, there's three easy steps to follow:

1. Envision your workforce needs over the coming years. What talent requirements will you have? What skills will your workforce need?
2. Contact us to start the conversation. You'll discuss the workforce needs you are envisioning, and discover the potential in Tulsa.

3. Become part of Peoria-Mohawk Business Park and enjoy the benefits of recruiting, training, and a workforce pipeline tailored to your organizational requirements.
